Since 1972, Trace Mineral's branded products have been recognized around the world as a pioneer of ionic trace mineral products that have supported consumers in living healthy lives.

“Trace’s implementation of eWorkplace Apps integrated process and quality management solution into its current Acumatica accounting and distribution systems will provide Trace with a complete ERP system that will allow it to continue to meet and surpass its goals in manufacturing and quality. This will be accomplished by using a quality system to quarantine and test items throughout the receiving, production and shipping process and ensure tight control of production via a formula module that supports both powder and liquid formulas and bill of materials that supports multiple pack sizes.”

-- Kelly Jones, Director of Quality and Purchasing, Trace Minerals

Customer Testimonials

Since 1985, Dutchland, Inc has been an innovative leader in producing precast prestressed concrete environmental structures.

“The use of eWorkplace Apps Quality Management solution, built within Acumatica’s manufacturing system will provide Dutchland with a defined, controlled, and documented process to test and evaluate products during the production process to ensure each pour meets defined specification and shipped to its customers.”

-- Brad Tekely, Director of Operations, Dutchland Incorporated
